PA DDAP

Updated November 2023

PA DDAP

SOR III Grant - GPRA

Preface

SOR III grants have been awarded to increase access to and to improve the quality of community mental and substance use disorder (SUD) treatment services through the expansion of Certified Community Behavioral Health Clinics (CCBHC).

Intended Audience

This SOR III user guide has been prepared for Single County Authorities (SCAs) and provider agency staff members delivering SOR III services to individuals. Information included will assist providers in understanding the standard WITS SOR III system and the data entry requirements for the SOR III grant.

i Note: Screen captures, and other information included in this Standard SOR III user guide may differ based on the settings established for your Training and/or Production site(s).

System Requirements

WITS is a web-based application accessed through an Internet (web) browser using an Internet connection.

Internet Browsers

WITS is compatible with up-to-date versions of most modern Internet browsers such as:

- Apple® Safari®
- Google Chrome™
- Mozilla® Firefox®
- Microsoft Edge

i Note: Do not allow your Internet browser to save your password, as this information will be routinely updated. **Remove any previously saved WITS Password** if your browser settings automatically saved it. Failing to do so may cause the browser to substitute the new one with the older saved password when resetting PA-WITS account credentials.

Pop-up Blocker

Certain features in WITS, such as Snapshot and Scheduler, will open in a separate browser window when selected. Make sure your browser allows pop-ups from WITS.

Customer Resources

PA WITS Training Material Website: Contains links to user guides and other useful system information.

PA WITS Support Structure: Overview of the PA WITS problem reporting structure that describes the proper procedures to report various types of user issues.

PA WITS Help Desk: Email: RA-DAPAWITS@pa.gov
Phone: 717 736-7459 (M-F 8:00 am–4:00 pm)

PA WITS Production Site: <https://pa.witsweb.org>

PA WITS Support Structure

This section describes the various levels of support available to users, and the types of issues each level is responsible for addressing.

Tier 1 Support: PA WITS Agency/Staff Administrator at SCA or Provider

- Champion PA WITS at your organization
- Create new staff accounts, reset passwords, lock/unlock accounts, change user account permissions
- Have a solid understanding of WITS screens, business rules, and processes; be able to help users with any usability issue that is covered in PA-WITS training manuals or other available user and system documentation
- Address user issues during normal operation hours
- Ensure users review and complete the on-demand self-service training at: (https://www.ddap.pa.gov/Training/Pages/DataSystem_Training.aspx). **Please note:** While the steps in these videos are still accurate for PA WITS functionality-wise, the appearance of the screens will be different due to a user interface update.
- Escalate system errors or complex issues to **PA WITS Service Desk** (Tier 2 Support)

Tier 2 Support: DDAP, PA WITS Service Desk

- Available Monday-Friday, 8:00 AM – 4:00 PM (except on State Holidays) to answer calls or emails from the SCA or Provider's Tier 1 support designee.
- Email: RA-DAPAWITS@pa.gov
- Phone: 717-736-7459
- Work with the WITS Staff Administrator at the SCA or Provider agency to see the issue through to resolution. If the problem cannot be resolved, DDAP will escalate the issue to Tier 3 support.

Tier 3 Support: FEi Systems

- The **PA WITS Service Desk** will work with the vendor, Fei Systems, to address issues not resolved at the Tier 1 or 2 levels, and to address other system defects or availability issues.

 **Note:** Notes contain information for users to take note of, as the information may affect what the user does with the system.

 **Tip:** Tips contain information helpful to the user, such as providing an easier way to do something.

 **Important:** Typically, these highlight details for the user to consider or review before continuing with a step or action within the system. This information may warn the user about possible error messages that may occur if the instructions are not followed, or it may indicate/remind users of additional actions to take before proceeding, such as downloading required software.

Part 1: WITS Information

WITS allows providers to easily enter information for individuals and services they receive as part of the SOR III program.

- The initial provider agency that works with an individual will create the client profile, intake, and enroll the client into a SOR III program.
- If the provider agency needs to refer an individual to another provider for services, WITS has an automated consent/referral process that is HIPAA/42 CFR Part 2 compliant. Once the referred-to service provider accepts the referral, WITS will automatically set up the client profile, intake and SOR III program enrollment.
- SAMHSA has OMB certification for the GPRA, so that the initial agency can enter GPRA, or the referred-to agency can enter the GPRA. WITS will ensure that there are no duplicate GPRA created for individuals enrolled in the SOR III program.

Workflow Diagram

The following diagram illustrates the standard SOR III workflow process.

Grant Episode Concepts

Where: Agency > Agency List > Facility List > Programs

Background

When a client’s GPRA interviews are completed, they are sent to SPARS. Each type of GPRA Interview (Intake, 6-Month follow up, Discharge) is sent automatically as an upload from WITS.

Grant Episode Concepts

Event	Information
GPRA Menu Item	When a client is enrolled in a SOR program, users with a GPRA (Full Access) role will be able to access the GPRA menu at the navigation panel
Grant Episode	<p>This allows the client to be referred to other agencies and have the same grant episode. If Agency A completes the GPRA Intake and then refers the client to Agency B, Agency B will be able to continue the grant episode and complete the GPRA 6-Month Follow Up and GPRA Discharge interviews for the same client. This will prevent another agency from inadvertently inactivating the previous GPRA Intake because the grant episode will remain assigned to this client in other agencies.</p> <ol style="list-style-type: none"> 1. The Grant Episode is created and put into a ‘Pending’ status when a client is enrolled in a SOR program. 2. The Grant Episode follows the client’s UCN throughout the process of creating GPRAs. 3. The ‘Pending’ grant episode will become ‘Active’ once the GPRA Intake interview is completed. 4. It will remain active through the 6-Month Follow-Up and Discharge interviews. 5. Once all 3 interviews are completed, the Grant Episode will have a status of ‘Closed.’ 6. Once the Grant Episode is ‘Closed’, a new ‘Pending’ Grant Episode can then be created if the client needs treatment again. 7. The WITS Administrator could change Grant Episode from ‘Active’ to ‘Inactive’ (this can be done upon creation of a client program enrollment within a different agency)

Use Case: Client with GPRA intake at one provider goes to another provider without a WITS consent/referral

1. If the client goes to another provider who attempts to add a Client Program Enrollment in SOR III and that client/UCN already has an ‘active’ grant episode, the system will prohibit this.

The provider/user will be presented with a WITS error message:

✖ There is a problem creating this client program enrollment record. Please contact your SCA administrator to resolve this conflict.

2. The PA Helpdesk would be able to determine the agency where the client has an active GPRA episode.

Part 2: Client Setup

Search for a Client

Where: Client List

Before creating a new client record, search for your client to make sure the client is not already in WITS.

1. To view clients within your agency, click on the **Client List** menu item. A blank Client List screen will appear.
2. Use the fields in the **Client Search** or **Advanced Search** section to narrow your results.

i Tip: When searching for a client, try to use unique information, such as birthdates or social security numbers, if possible. You can also enter a partial name (or another field) followed by an asterisk **"*"**. This is called a **wild card search**. For instance, if you search for Last Name of **"Smit*"**, the search results will display people with the last name of **"Smith"**, **"Smitty"**, **"Smithson"**, etc.

3. After selecting from the search fields, click **Search** to view the results.

The screenshot displays the 'Client Search' interface. On the left is a navigation sidebar with options like Home Page, State Waitlist, Agency, Group List, Clinical Dashboard, Client List, System Administration, Reports, and Support Ticket. The main area is titled 'Client Search' and contains a form with various search criteria. Below the form are 'Search', 'Advanced Search', and 'Clear' buttons. The 'Client List' section below the form shows a table of search results. The table has columns for Full Name, Unique Client #, and SSN. Two results are shown: 'FLAKES, Frosto' and 'FLINTSONE, Fred'. A dropdown menu is open over the second row, showing options for 'Profile', 'Activity List', and 'Linked Consents'.

Full Name	Unique Client #	SSN	Profile
FF FLAKES, Frosto 7/8/2001 Male	Q124555RJ554644	999-55-1111	Profile Activity List Linked Consents
FF FLINTSONE, Fred 1/3/1970 Male	F45301037067890	545-58-6789	

4. Look for your client in the **Client List**. If you find the right person, hover over the ellipsis (three vertical dots) and click the **Profile** link. If your client is not displayed in the Client List, you can create a new client record.

Client Search Tips

Client Names

Use a client's nickname or alternate names in the **First Name** or **Last Name** fields. Use an **asterisk (*)** to perform a wildcard search.

- Find clients whose last name starts with "Jon": **Jon***

Client Search

Facility	First Name	Last Name	Unique Client Number
<input type="text"/>	<input type="text"/>	Jon* 	<input type="text"/>

Client Social Security Numbers

- Search by the last 4 digits of a client's SSN: ***1123**

Client Search

Facility	First Name	Last Name	Unique Client Number
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
SSN	DOB	PA-WITS QA Client Id	Provider Client ID
*1123 	<input type="text"/>	<input type="text"/>	<input type="text"/>

Client Birthday or Age

- Search within a timeframe by separating the two dates with a **colon (:)**. Search for clients born after a certain date with a **greater than sign (>)**. Search for clients born before a certain date with a **less than sign (<)**.

Client Search

Facility	First Name	Last Name	Unique Client Number
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
SSN	DOB	PA-WITS QA Client Id	Provider Client ID
<input type="text"/>	11/1/1990:12/31/1990 	<input type="text"/>	<input type="text"/>

- Find clients born after a certain date: **>12/30/1959**

Client Search

Facility	First Name	Last Name	Unique Client Number
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
SSN	DOB	PA-WITS QA Client Id	Provider Client ID
<input type="text"/>	>12/30/1959 	<input type="text"/>	<input type="text"/>

Create Client Profile

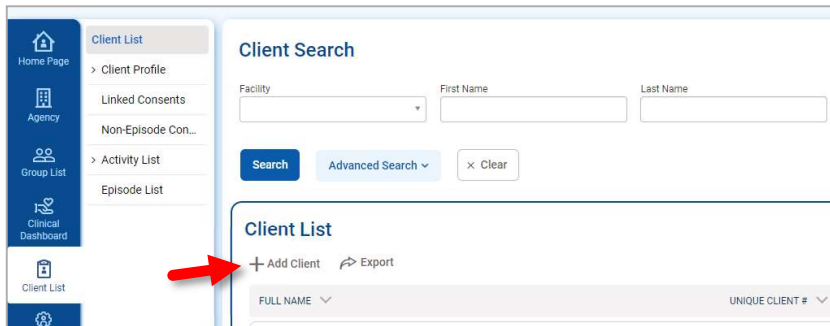

Where: *Client List* > *Client Profile*

Note: Please search for each client before creating a new record. See “Search for a Client” for more information.

To add a new client to the system, follow the steps below.

1. On the left menu, click **Client List**.
2. On the Client List screen, click **Add Client**.

3. On the **Client Profile** screen, enter the required client information. See the table below for information on each field.

Important: When adding new clients to the system, review the Client Profile fields for accuracy before saving the screen. Once the Client Profile screen is saved, a Unique Client Number (UCN) is created based on the data provided. It is important to enter client information correctly to avoid duplicate client entry in the future.

Field	Description
Current First Name	Type the client’s current first name.
Middle Name	(Optional)
Current Last Name	Type the client’s current last name.
Mother’s Maiden Name	(Optional)
Birth First Name	Type the client’s first name at birth.
Birth Last Name	Type the client’s last name at birth.
Gender	Select the client’s gender from the drop-down list.
DOB	Enter the client’s date of birth.
SSN	Type the client’s Social Security Number. If the SSN is unknown, enter all zeroes (000000000).
Driver's License and State	(Optional) Type the number and then select the State from the drop-down list.
County	Select the client’s county of residence from the drop-down list.
Provider Client ID	(Optional)
Has paper file	(Optional) Select Yes or No. Field defaults to Yes.

< Back Next > Save Save and Finish × Cancel

Alternate Names

+ Add

Currently, there are no results to display for Alternate Names.

Addresses

+ Add

Currently, there are no results to display for Addresses.

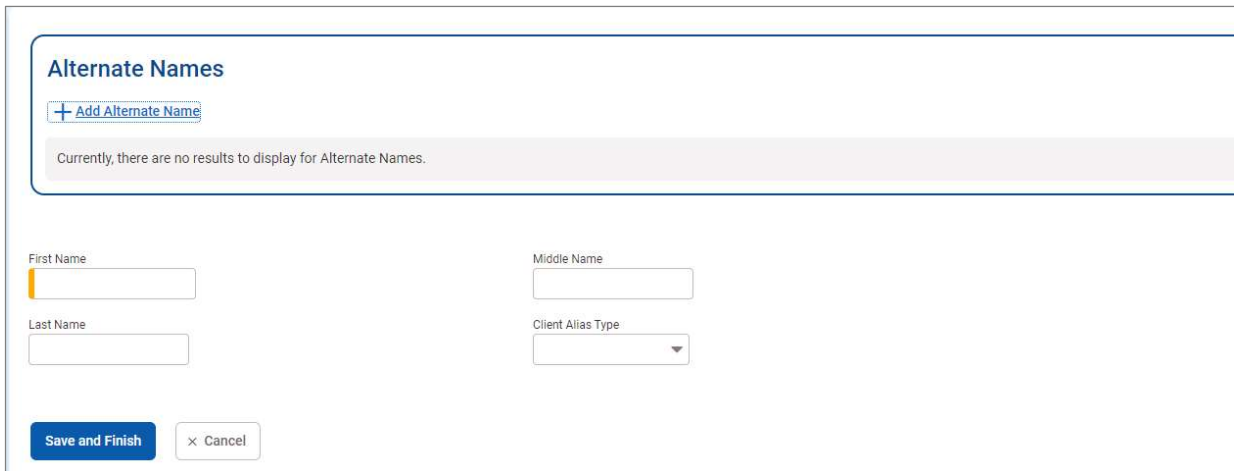

4. Click **Save**.
5. Click the **Next button** to move to the **Alternate Names** screen.

Alternate Names

The client’s nickname or street name may be entered on this screen.

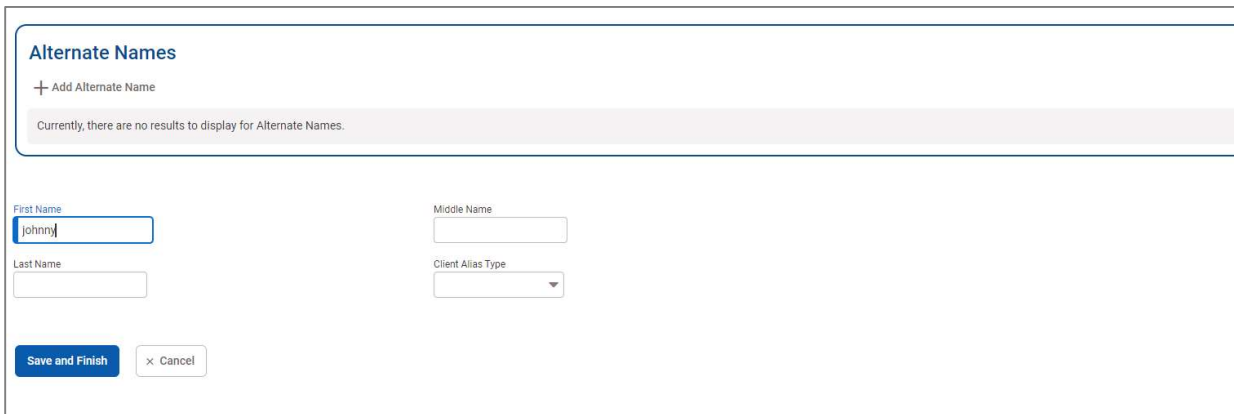

i Tip: Alternative names can also be used to search for the client’s profile in the future. On the Client Search screen, type the client’s alternative name in the First Name and/or Last Name fields.

1. On the Alternate Names screen, click **Add Alternate Name**, and the fields become editable.

The screenshot shows the 'Alternate Names' interface. At the top, there is a header 'Alternate Names' and a button '+ Add Alternate Name' which is highlighted with a blue border. Below this is a message: 'Currently, there are no results to display for Alternate Names.' The form contains four input fields: 'First Name', 'Middle Name', 'Last Name', and 'Client Alias Type'. The 'First Name' field has a yellow cursor. At the bottom, there are two buttons: 'Save and Finish' and 'Cancel'.

2. Complete at least the **First Name** field.

The screenshot shows the 'Alternate Names' interface. The '+ Add Alternate Name' button is now greyed out. The 'First Name' field contains the text 'johnny'. The other fields ('Middle Name', 'Last Name', 'Client Alias Type') are empty. The 'Save and Finish' and 'Cancel' buttons are still present at the bottom.

3. Click **Save and Finish**. The name will now appear in the list at the top of the screen.
4. From the Alternate Names screen, click the **Next** button to open the **Additional Information** screen.

Additional Information

1. On the **Additional Information** screen, the gold-bordered fields are required.

Field	Description
Ethnicity	Select from the drop-down list.
Selected Races	Select one or more races. Note: the option "Refused" cannot be combined with another option.
Have you ever served in the Armed Forces, in the Reserves, or in the National Guard?	Select from the drop-down list.

i Tip: In the Races field, the option "Refused" cannot be combined with another option. If users attempt to combine other race options with "Refused", an error message will be displayed.

2. When complete, click **Save**, then click the **Next** button to open the **Contact Info** screen.

Contact Info

Tip: Enter the client’s contact information on this screen to help locate the client for follow-ups.

1. On the **Contact Info** screen, a phone number must be entered for the client. The preferred method of contact will appear on the Client Header for the client.
2. To enter an address, click **Add Address**. This will open the **Address Information** screen.

Important: An address is required to complete a client profile.

Tip: If the client is **Homeless**, select the Address Type of “**Client Homeless**”. The City, State and Zip code fields will then be optional.

- When complete, click **Save and Finish**, and the client's address information will show up on the Contact Info screen. You may enter several addresses for a client. If a client has a new address, update the Address Type of the current address record to "Previous", then create a new address.

Tip: WITS uses the USPS Address Standardization Web Tool to validate the client's address. If USPS detects any errors in the street address, WITS will display the results from USPS. You can then decide to select the original address entered or the suggested address from USPS.

Address Validation

There is a problem with the address provided - we've produced a suggestion from the United States Postal Service below.

Please Choose which version of the address you want to use.

	Address	Actions
Original Address:	115 Willow Street, Scranton, Pennsylvania 18505	Select
Suggested Address:	115 WILLOW ST, DUNMORE, Pennsylvania 18512	Select

If you need to edit the address, you can revise the address from the Address Information screen. Click Select for the original address.

You will be returned to the Contact Info screen. Hover your cursor over the ellipsis icon next to the address you wish to edit, then click Review.

The screenshot shows the 'Contact Info' screen for a client named FLAKE, Snow. The 'Addresses' section is highlighted, showing a table with one address record: 'Client Home' at '115 Willow Street, Scranton, PA 18505'. A 'Review' button is visible next to the address record.

After you have edited the address, click **Save and Finish** and you will be directed back to the **Contact Info** screen.

- From the **Contact Info** screen, click the **Next** button to open the **Collateral Contacts** screen.

Collateral Contacts

Tip: Although this section is optional, enter any collateral contacts for the client on this screen to help locate the client for follow-ups.

1. On the **Collateral Contacts** screen, click the **Add Contact** link to enable the fields to data entry.

The screenshot shows the 'Collateral Contacts' form interface. At the top left, there is a blue header with the title 'Collateral Contacts' and a blue link '+ Add Contact' with a red arrow pointing to it. Below the header, a grey message box states 'Currently, there are no results to display for Collateral Contacts .'. The main form area contains various input fields and controls:

- First Name: Text input field
- Last Name: Text input field
- Relation: Dropdown menu
- Custodian: Radio buttons for Yes and No
- Gender: Dropdown menu
- Date of Birth: Date picker (1/21/2021)
- SSN: Text input field
- Home Phone: Text input field
- Work Phone: Text input field
- Mobile: Text input field
- Fax: Text input field
- Other: Text input field
- Legal Guardian: Radio buttons for Yes and No
- Active Date: Date picker (1/21/2021)
- Inactive Date: Date picker
- Address 1: Text input field
- Address 2: Text input field
- City: Text input field
- State: Dropdown menu
- Zip: Text input field
- Email: Text input field
- Can Contact: Radio buttons for Yes and No
- Consent On File: Radio buttons for Yes and No (No is selected)
- Notes: Text area
- Created: Greyed-out text field
- Last Update: Greyed-out text field

At the bottom of the form, there are two buttons: 'Save and Finish' (blue) and 'Cancel' (grey).

2. Enter the required client information. See the table below for information on the required fields.

Field	Description
First Name	Type the contact's first name.
Last Name	Type the contact's last name.
Relation	Select the collateral contact's relation to the client from the drop-down menu.
Address, City, State	Type the contact's address information
Can Contact	Select Yes or No.
Consent On File	Select Yes or No.

3. When complete, click **Save and Finish**. The collateral contact's name(s) will be displayed in the list section of the screen.
4. From the **Collateral Contacts** screen, click the **Next** button to open the **Other Numbers** screen.

Other Numbers

In this section, users can add additional identifying numbers for a client, such as a court case number. (This section is optional and does not need to be completed for the profile to be considered complete.)

1. On the **Other Numbers** screen, click the **Add Other Number** link. The bottom half of the screen now becomes editable.
2. Fill in information such as, Number Type, Number, Start and End Date, Status, and Contact.

Other Numbers List

[+ Add Other Number](#)

Currently, there are no results to display for the Other Numbers List.

Other Number Profile

Number Type: [Dropdown]
Number: [Text Field]
Start Date: 2/2/2022 [Calendar Icon]

Start Date: 1/21/2021 [Calendar Icon]
End Date: [Calendar Icon]
Status: Active [Dropdown]
Contact: Fox, George [Dropdown]
Comments: [Text Area]

Save and Finish [Cancel]

4. When complete, click **Save and Finish**. The numbers now show up in the list.
5. Click the **Next>** button to move to the **Client Group Enrollment**.

Client Group Enrollment

Important: A **client group enrollment (CGE)** must be entered for each client. This will identify the funding source for the client. If the client is not being funded by an SCA, there is a “**No SCA**” option that can be selected. The CGE can be updated as funding sources change.

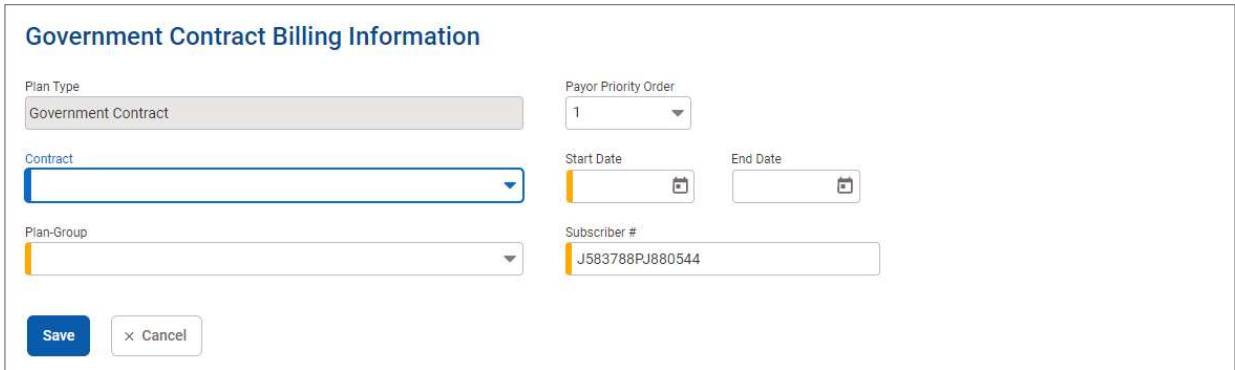

1. Click **Add Government Contract Enrollment**.

2. Select the Contract, or funding source, from the drop-down menu. The options will be an SCA that the provider contracts with, including No SCA, when the client is using a funding source not from the SCA.

The Plan-Group field will auto-populate with the appropriate information based on the Contract selected.

The Subscriber # will auto-populate with the client’s UCN.

3. Enter the Start Date, which is the date the selected funding source will begin covering services.
4. Click **Save**.
5. On the Payor List, click **Finish**, and you will be returned to the **Client Search** screen.

Tip: If a client’s funding source changes, update the **Client Group Enrollment**. To add a new funding source, follow the steps outlined above. To end the previous funding source, hover over the ellipses, then select **Edit**. Enter an End Date to the Payor Enrollment, then click **Save**.

History

The **History** sub-menu displays a list of all changes that have been made to the client information as well as any access to this client's record. It lists the date, the staff person, and a description of the access or change.

Client Profile Summary:

- Name:** SMITH, Jamie
- Age:** 20
- DOB:** 10/10/2000
- Gender:** Female
- Unique Client ID:** J444457QW654655
- Preferred Method of Contact:** (111) 222-3333 (mobile)

Client History Table:

DATE CHANGED	SYSTEM ACCOUNT	DESCRIPTION OF CHANGES
1/21/2021 1:10 PM	Hewitt, Val	<ul style="list-style-type: none"> Cell Phone # changed from '(111) 222-3333'. Preferred Contact Method changed from '-2147483648' to '-100'.

1/21/2021 12:39 PM	Hewitt, Val	<ul style="list-style-type: none"> Client 'Smith, Jamie' added.

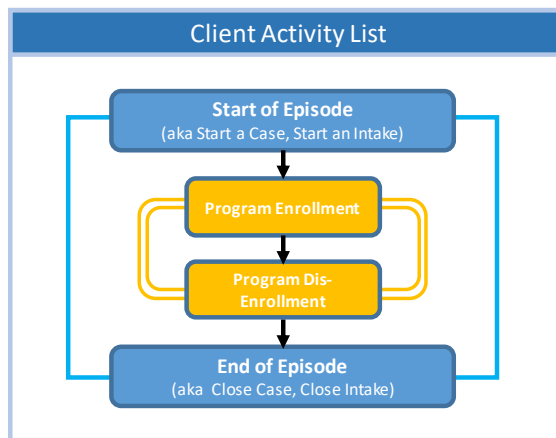

Part 3: Client Intake and Program Enrollment

Client Activity List

It is important to understand that data collection in WITS happens within a Client's Activity List. The Case, or Episode of Care, is the container that holds all client activities. The beginning and end of a client's Episode of Care are recorded on the Intake transaction, where the Intake Date starts the Episode and the Intake Date Closed marks the end of the Episode.

The concept diagram below illustrates how this data collection is structured within the client Activity List. This Activity List is comprised of two (2) primary nested containers: Episode (e.g., Case, or Intake), and Program. The double lines connecting the Program container represent multiple program enrollments, which are allowed within a single Episode. In the diagram, arrows denote the sequence of progressing through each container.

When an Episode of Care ends for a client, this signifies that the client is no longer receiving services. It's possible for that client to return at a future date.

i To access items within the Activity List, a client must be selected first.

The **Client Activity List** can serve as a "dashboard" view for information that has been collected for a given client within an Episode. Each Activity on the Activity List has a status to help the end user determine if that activity is "Complete" or "In Progress". When an activity is "In Progress", a **Details** link is available which displays the information needed to complete the activity.

Certain client activities must be complete before you can proceed to the next activity. Validation rules will guide you throughout the workflow as you enter new data.

i Some Client Activities do not have a concept of being complete. For those activities, the Status will be listed as Not Applicable. Client Program Enrollments will have a status of "Open" until an End Date is entered to close the enrollment.

Client Activity List

Activity	Activity Date	Created Date	Status	
Client Information (Profile)	2/2/2023	9/19/2023	Completed	⋮
Intake Transaction	2/2/2023	9/20/2023	Completed	⋮
Client Program Enrollment (SOR III SCA)	2/2/2023	9/20/2023	Open	⋮
GPRA Assessment (Intake)	2/2/2023	9/20/2023	In Progress (Details)	⋮

Gpra Assessment Progress

- Mental and Physical Health Problems and Treatment/Recovery incomplete.
- Substance Use and Planned Services incomplete.
- Legal incomplete.
- Education, Employment, and Income incomplete.
- Social Connectedness incomplete.

Start New Episode (New Clients)

Where: *Client List* > *Activity List* > *Episode List*

In WITS, all items located in a client's Activity List are based upon an active Episode of Care, which is started by creating an Intake. Initially, the Activity List in the left menu only displays one item, "Episode List". Complete an Intake to access other items in the client's Activity List.

To start a new episode of care for a client, follow the steps below.

1. On the left menu, click **Episode List**.
2. Click the **Start New Episode** link.

If the client profile is complete, clicking **Start New Episode** will open the **Intake Case Information** screen.

Important: If the client profile is **missing** certain information, such as an **Address** or fields on the **Additional Information** screen, a New Episode cannot be created, and an error message will appear.

Intake

Where: *Client List > Activity List > Intake*

Once an episode of care has been created (see above section), complete the client’s intake.

1. On the Intake Case Information screen, complete the fields as shown in the table below.

1. Field	Description
Intake Facility	Pre-populates with the current facility location.
Intake Staff	Pre-populates with the current staff member name.
Initial Contact	Select from the drop-down list.
Case Status	Defaults to “Open Active”.
Initial Contact Date	The date when the Client first reached out for treatment. For the clients first intake in PA-WITS this field will be editable. When a client is referred from one agency to another, the Initial Date of Contact will be in a Read-Only mode. This field is used in calculations for the Case Management Resource Report.
Intake Date	Enter the client’s intake date, (which also marks the beginning of the client’s Episode). This field is used in calculations for the Case Management Resource Report.
As a result of the screening for TB, was this individual referred for testing or treatment?	Select from the drop-down list.
Is Client Public Funded?	(Optional)
Funding SCA	Select from the drop-down list.
Source of Referral	Select from the drop-down list. Note: The Source of Referral should be the original/initial referral source.
Referral Contact	(Optional) Select from a list of the client’s collateral contacts.
Pregnant	Is the client pregnant at the time of admission? Complete if applicable.
Due Date	(Optional)
Prenatal Treatment	(Optional) Is the client also receiving prenatal treatment? Select Yes/No if applicable.
Injection Drug User	Select Yes or No.
Problem Area	(Optional)
Presenting Problem (In Client’s Own Words)	(Optional)
Scheduled Assessment Date	This field is used in calculations for the Case Management Resource Report. Note: Changing the value of this field will cause the screen to be refreshed.
Assessment Date	This field is used in calculations for the Case Management Resource Report. Note: Changing the value of this field will cause the screen to be refreshed.

1. Field	Description
If assessment cannot be scheduled within 7 days, why?	This field is used in or the Case Management Resource Report. Note: Changing the value of this field will cause the screen to be refreshed.
Did client complete scheduled assessment?	This field is used in or the Case Management Resource Report. Note: Changing the value of this field will cause the screen to be refreshed.
Why was scheduled assessment missed?	This field is used in or the Case Management Resource Report. Note: Changing the value of this field will cause the screen to be refreshed.
Scheduled Admission Date	This field is used in or the Case Management Resource Report. Note: Changing the value of this field will cause the screen to be refreshed.
Special Initiatives/Populations Selected	Select one or more options. If client is not part of a Special Initiative or Population, select None.
Inter-Agency Service Selected	(Optional)
Selected Domains	This field will be pre-populated and read-only if there is only one domain associated with the agency. If the agency has multiple domains, select the appropriate domain(s) for the client.
Date Closed Date Closed <input type="text"/> <input type="button" value="Save & Close the Case"/>	The Date Closed field is used to mark the end of the client's Episode.

2. Click **Save and Finish**. (When the Screening Tool appears, click Cancel. Screening details are not needed for SOR.)

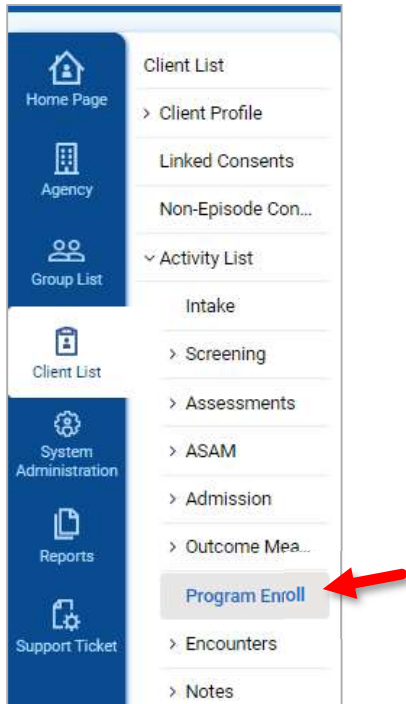

Program Enroll

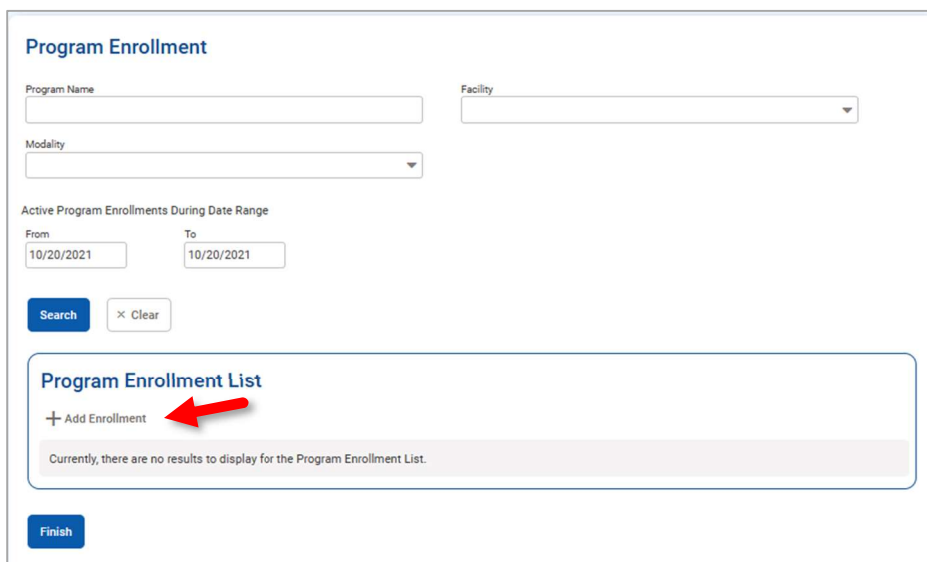

Where: *Client List > Activity List > Program Enroll*

Once an Intake has been created (see above section), complete the client’s program enrollment. A program enrollment in an **SOR program** is required before a GPRA submenu becomes available.

1. On the left menu, click **Program Enroll**.

2. Click the **Add Enrollment** link.

- Complete the fields on the Program Enrollment Profile.

Field	Description
Facility	Defaults to the current Facility name.
Program Name	Select the appropriate SOR program for the client
Program Staff	Pre-populates with the current staff member name.
Start Date	Defaults to the current date.
Days on Wait List (TEDS Only)	Type the number of days. (not required for a SOR Program)
Notes	Type any notes as needed.

Part 4: GPRA Assessment (Interviews)

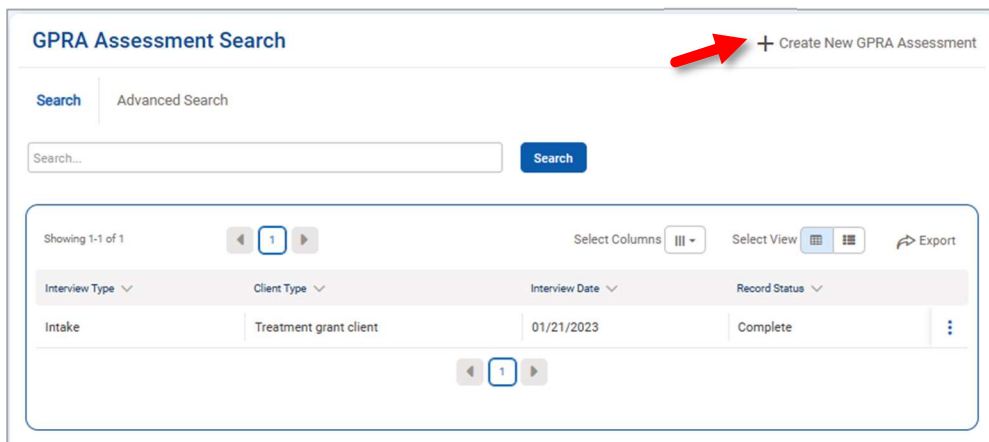

Where: [Client List](#) > [Activity List](#) > [GPRA Assessment](#)

To access the GPRA section in WITS, select a client from the Client List and then view the client’s Activity List. The GPRA Assessment section displays a list of any previously entered GPRA Assessment (at that agency) and includes a **Create New GPRA Assessment** link to add a new interview record.

Important: The GPRA Assessment menu item will only appear if the two conditions are met:

1. The staff member completing the GPRA interview has been assigned the role, “GPRA (Full Access)” or Grant Data Entry (Full)”. This role is assigned by your WITS staff administrator.
2. The client is enrolled in any SOR III program.

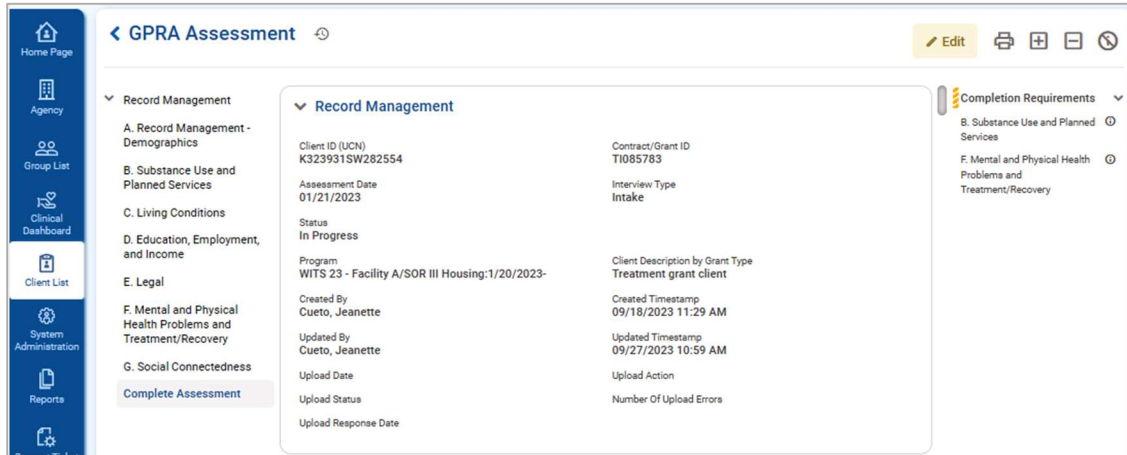

Tip: Depending on the existing GPRA interview(s), the choice of adding either a GPRA Follow up or a GPRA Discharge is available. The first GPRA Interview that can be added is the GPRA Intake.

For previously entered GPRA interviews, available actions include, View, Edit, and Delete, when you click on the three dots.

Action	Description
View	Opens the interview in read-only mode.
Edit	<p>Opens the interview in edit mode, where certain fields can be updated. A Done Editing button is available on screen.</p> <div style="background-color: #ffe6e6; padding: 5px;"> <p>! Important: A completed GPRA needs to be unlocked to edit. Once the edits are complete, the GPRA needs to be re-locked so it is included in the nightly upload of data to SPARS.</p> </div>
Delete	<p>A confirmation screen will appear, prompting the user to select ‘Yes’ or ‘No’ to continue with deleting the record.</p> <p>If a client has follow-up or discharge interview(s), those interviews must be deleted before the intake interview can be deleted.</p> <div style="background-color: #ffe6e6; padding: 5px;"> <p>⊗ Before you delete the intake interview, you must first delete the follow-up or discharge interview(s). ✕</p> </div>

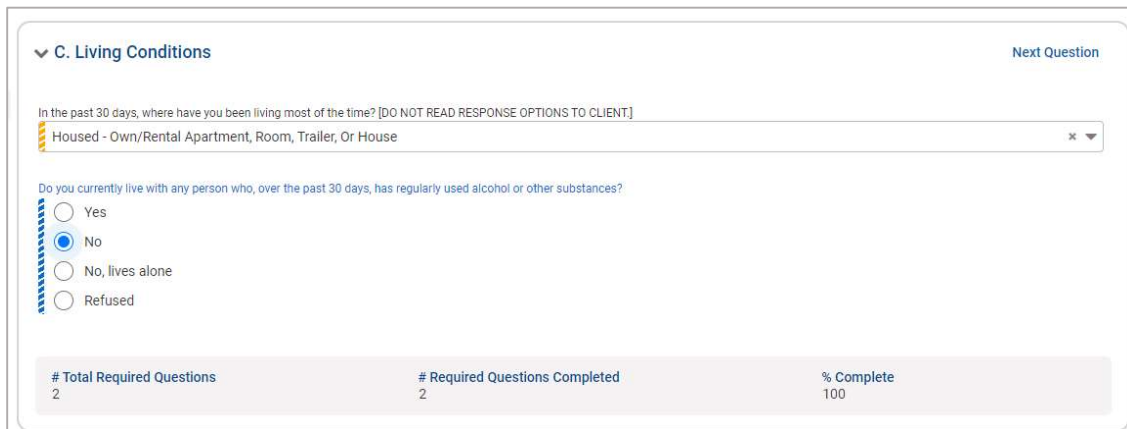

GPR Assessment

The GPR Assessment is now on one full page. On the left side of the page will be an index. Clicking the section title will bring you to that section to complete. The right side of the screen shows the sections of the GPR that are not complete. As a section gets completed, it will disappear from the Completion Requirements panel.

Completion Summary

A Completion Summary is shown at the bottom of each section. It shows the number of required questions in that section, the number of questions that have been completed, and the completion percentage.

Automation (Skip Logic)

Based on the client's response to certain questions, the screen will update causing some questions to become required and/or automatically filled in as read-only fields. For example, if the client does not have children the system will automatically fill in the other questions pertaining to children with "Not Applicable".

Do you have children?
[Refers to children both living and/or who may have died]

Yes
 No
 Refused

How many children under the age of 18 do you have?
Not Applicable

Client refused to answer how many children under the age of 18?
Not Applicable

Are any of your children, who are under the age of 18, living with someone else due to a court's intervention?
Not Applicable

Have you been reunited with any of your children, under the age of 18, who have been previously removed from your care?
Not Applicable

A. MILITARY FAMILY AND DEPLOYMENT

5. Have you ever served in the Armed Forces, in the Reserves, or in the National Guard? *[IF SERVED]* What area, the Armed Forces, Reserves, or National Guard did you serve?

5a. Are you currently on active duty in the Armed Forces, in the Reserves, or in the National Guard? *[IF ACTIVE]* What area, the Armed Forces, Reserves, or National Guard?

5b. Have you ever been deployed to a combat zone? *[SELECT ALL THAT APPLY]*

Never Deployed <input type="text" value="Not Applicable"/>	Iraq or Afghanistan (e.g., OEF/OIF/OND) <input type="text" value="Not Applicable"/>	Persian Gulf (Operation Desert Shield/Desert Storm) <input type="text" value="Not Applicable"/>
Vietnam/Southeast Asia <input type="text" value="Not Applicable"/>	Korea <input type="text" value="Not Applicable"/>	WWII <input type="text" value="Not Applicable"/>

Deployed to a combat zone not listed above (e.g., Bosnia/Somalia)

GPR A Intake Interview

Where: *Client List > Activity List > GPR A Assessment > GPR A Intake*

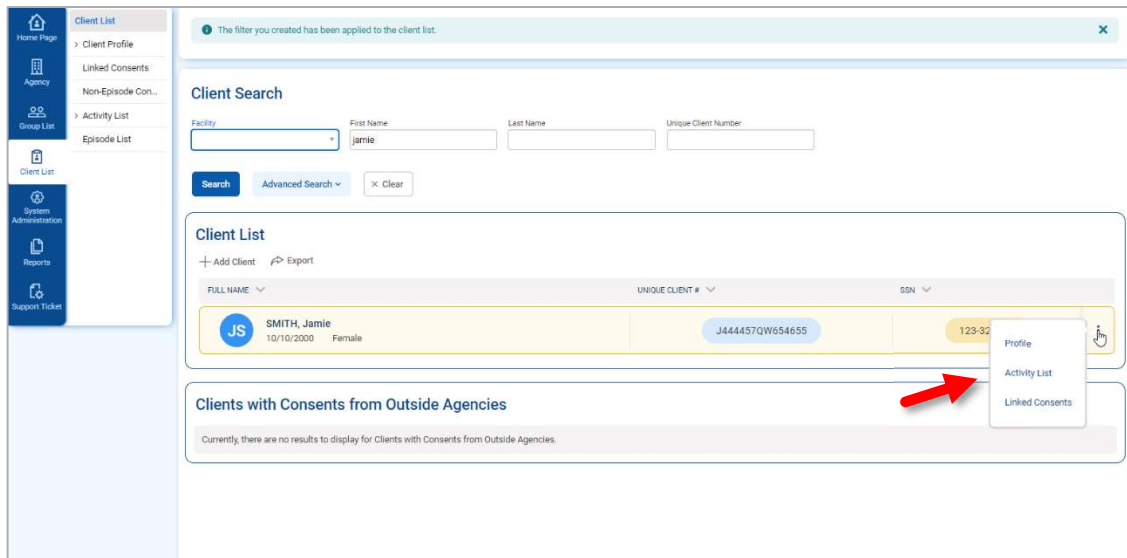

Follow the steps below to add a GPR A Intake Interview. If, when you go to record the GPR A, you receive a message that says that there is already a GPR A in progress, this means that the client has received services from another agency that is using WITS to track GPR A data.

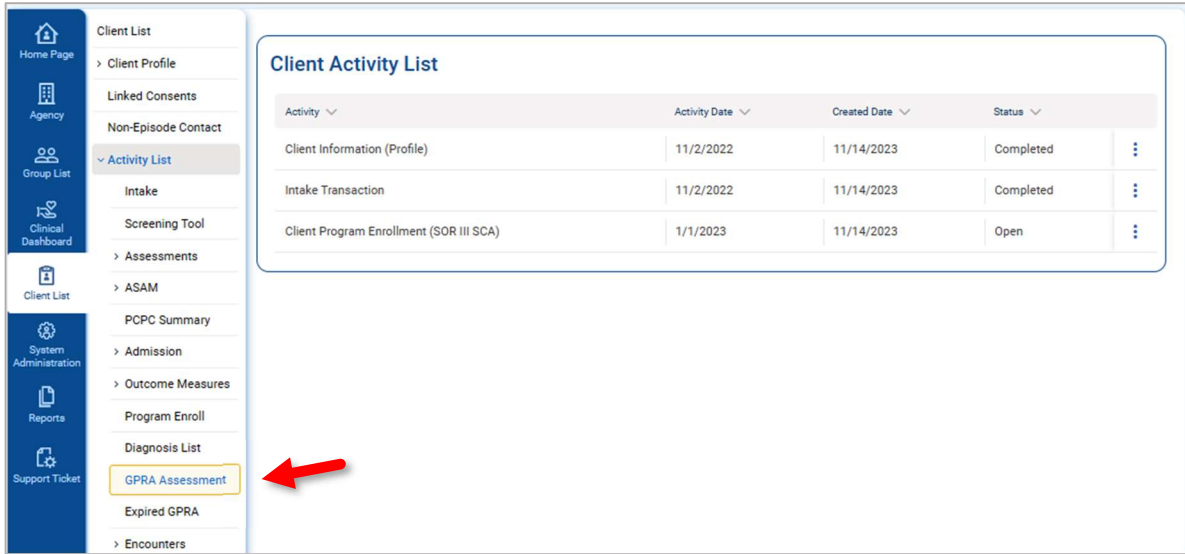

Ask the client if they remember which agency they were at before, and if they know the agency information, the two agencies for which the client is registered should coordinate efforts. **The first agency will need to create a Consent and Referral in WITS to send the client to the second agency.** (See the Section in this guide on Consent and Referral) That would then automatically create the Client Profile in the second agency. In order not to violate HIPAA, the staff member can ask the client and/or the first agency that he or she was registered with.

If the providers cannot coordinate on their own, or if the client does not know the other agency where they previously had an episode, then contact your SCA WITS administrator to coordinate the process.

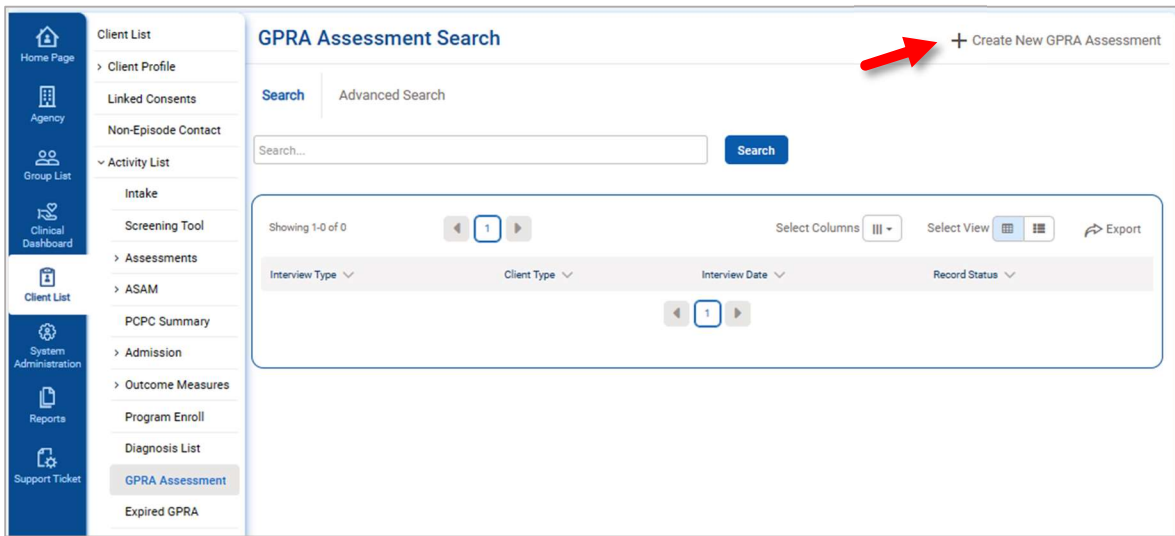

1. To access the GPR A interview, select a client from the **Client List**, hover over the ellipsis, and then click **Activity List**.

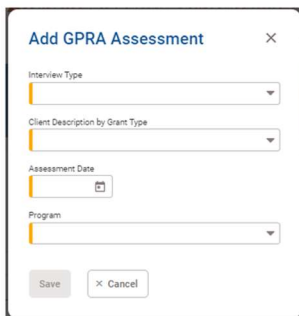

2. On the left menu, click **GPR A Assessment**.

3. On the GPR Assessment screen, click **Create New GPR Assessment**.

4. In the pop-up window, select GPR Intake for the interview type and the client description, input the interview date and select the SOR program enrollment. Click **Save**.

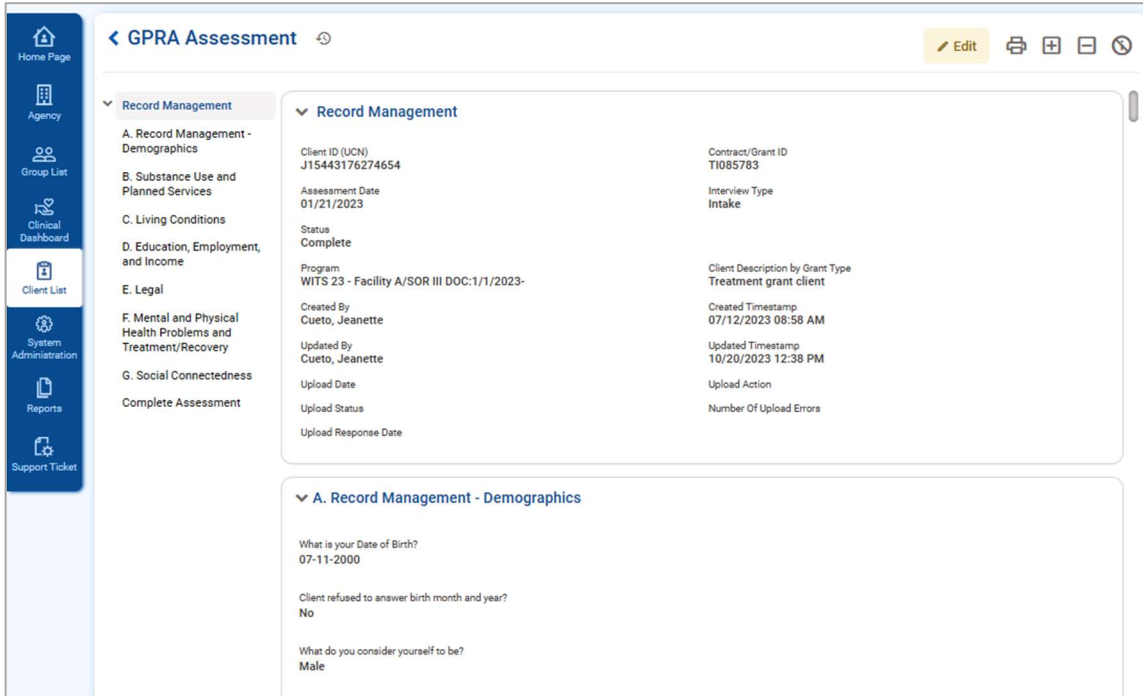

- The system will display the GPRA. Complete the required fields.

Note: The 'Assessment Date' must be on or after the client intake date, and not earlier than 1/21/2023 (which is the effective date of the new GPRA Assessment form). It must occur during the active period of the selected program enrollment.

- Once all questions have been answered, scroll to the bottom of the summary and then click **Complete**.

- A confirmation pop up will appear asking to confirm that the assessment is complete and to lock the assessment. Once locked, the assessment cannot be edited unless the assessment is unlocked. Click **Ok**.

- Once the GPRA is completed, the GPRA summary information will show. This is all the GPRA information in a read-only format.

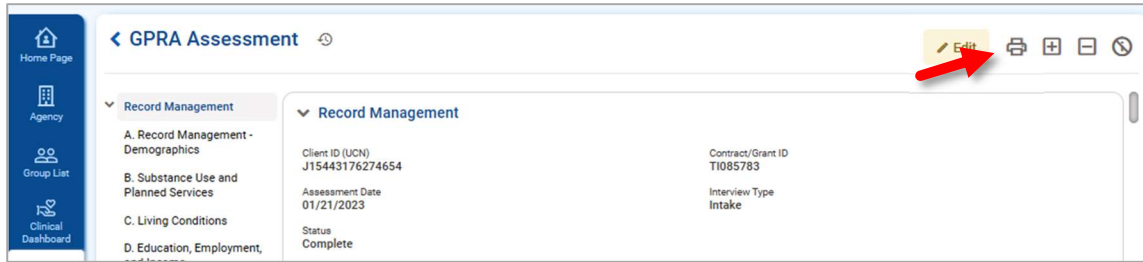

- At the bottom of the page, the Complete Assessment section will show that the user needs to unlock it (to edit it), and which user completed it, with a date of the completion.

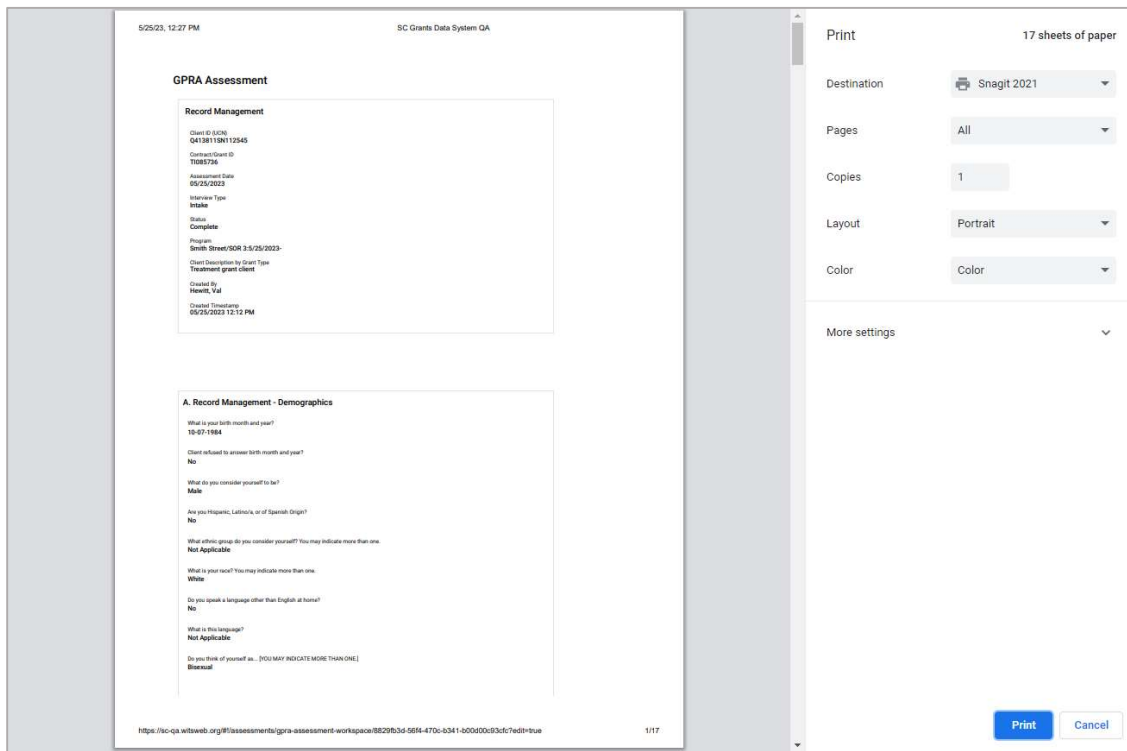

Printing a GPR Assessment

GPRAs can be printed on paper or PDF. To print a completed GPR, from the GPR summary page:

1. Click the Printer icon in the upper right corner. (Do not use the Generate Report link at the page header.)

2. The printer-friendly version of the GPR will show. Follow your computer's instructions on printing, or printing to PDF.

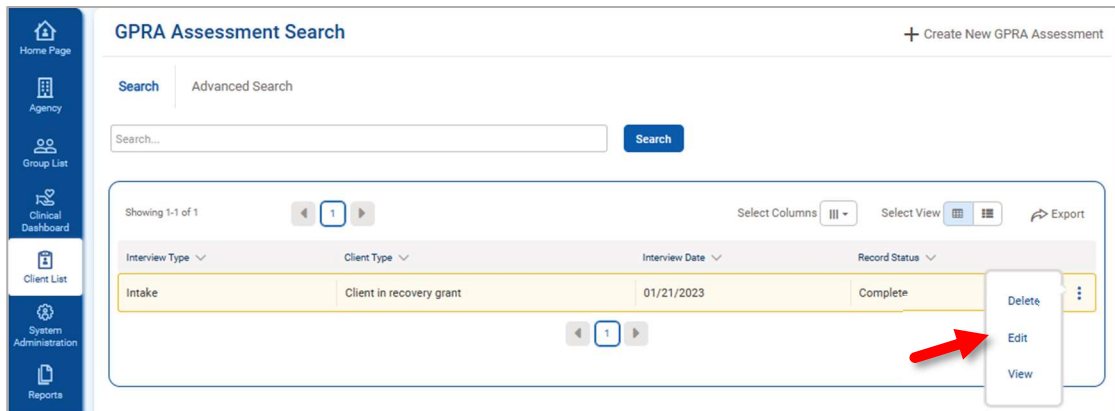

Editing a GPRA Assessment

To edit a GPRA in Completed status, the Assessment must first be unlocked. Once unlocked, the change can be made. After the update is made the assessment must be locked again. An assessment that is left unlocked will not be sent to SPARS for updated information and may affect your compliance rate. It is critical to lock an assessment after the change has been made.

To edit a GPRA:

1. From the GPRA Assessment page, hover over the ellipsis and click **Edit**.

2. Scroll to the bottom of the page and click **Unlock**.

3. A confirmation box will appear confirming that you would like to unlock the assessment. Click Ok.

4. Make the required changes, and when finished, click Lock at the bottom of the page. This will allow the updated GPRA to be included in the nightly upload to SPARS.

GPRF Follow-up Interview

Where: *Client List* > *Activity List* > *GPRF* > *GPRF Follow-up*

GPRF Follow-up Interviews should be added 5 to 8 months after a client's GPRF Intake Interview date. Follow-up GPRF Interviews include additional questions to record the follow-up status. To add a follow-up record, follow the steps below.

Note: If a follow-up interview has been conducted, **sections B through G** and **I** must be completed. If the follow-up interview was **not** conducted, **section I** must be completed.

1. To access the GPRF interview, select a client from the **Client List**, point to the ellipsis in the Actions column, and then click **Activity List**.

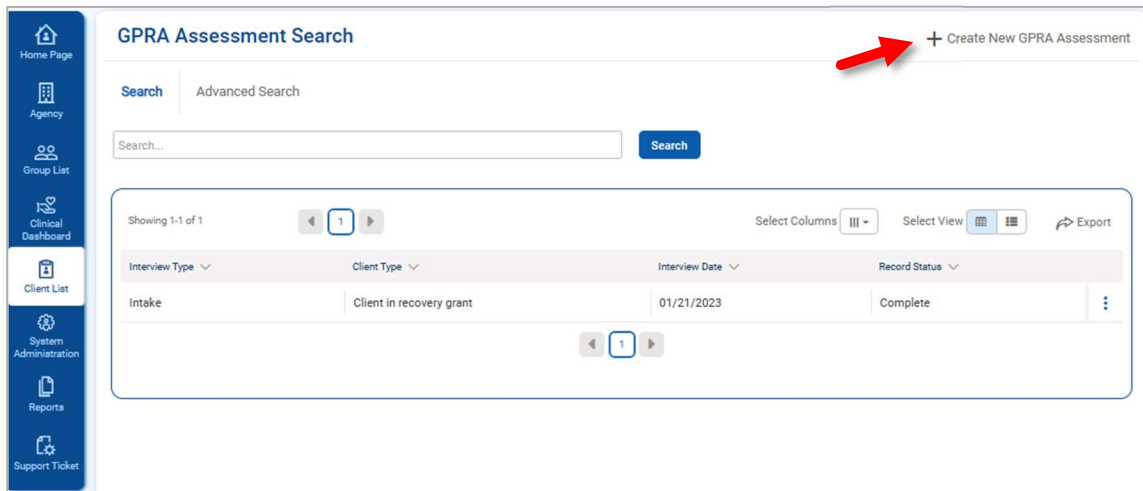

The screenshot shows the 'Client List' page. A search filter is applied. The search results show a client named 'SMITH, Jamie' with a unique client number 'J444457QW654655' and an SSN '123-32'. A dropdown menu is open over the client's actions, with 'Activity List' highlighted by a red arrow.

2. On the left menu, click **GPRF Assessment**.

The screenshot shows the 'Client Activity List' page. The left menu has 'GPRF Assessment' highlighted with a red arrow. The main content area shows a table of activities for the client.

Activity	Activity Date	Created Date	Status	
Client Information (Profile)	1/1/2023	11/9/2023	Completed	⋮
Intake Transaction	1/1/2023	11/9/2023	Completed	⋮
Client Program Enrollment (SOR III Housing)	1/1/2023	11/9/2023	Open	⋮
GPRF Assessment (Intake)	1/21/2023	11/9/2023	Complete	⋮

3. On the GPRA List screen click **+ Create New GPRA Assessment**.

4. Select 6-month Follow Up for Interview Type and fill in the other required information. On the question, "Did you conduct an interview?", select "Yes" if the client was reached for an interview. Selecting "No" indicates an "administrative" GPRA is entered and will not contribute to your compliance rate.

The 'Add GPRA Assessment' form contains the following fields:

- Interview Type: 6 month follow-up
- Did you conduct an interview?: Yes
- Assessment Date: [Calendar icon]
- Program: [Dropdown menu]

Buttons: Save, Cancel

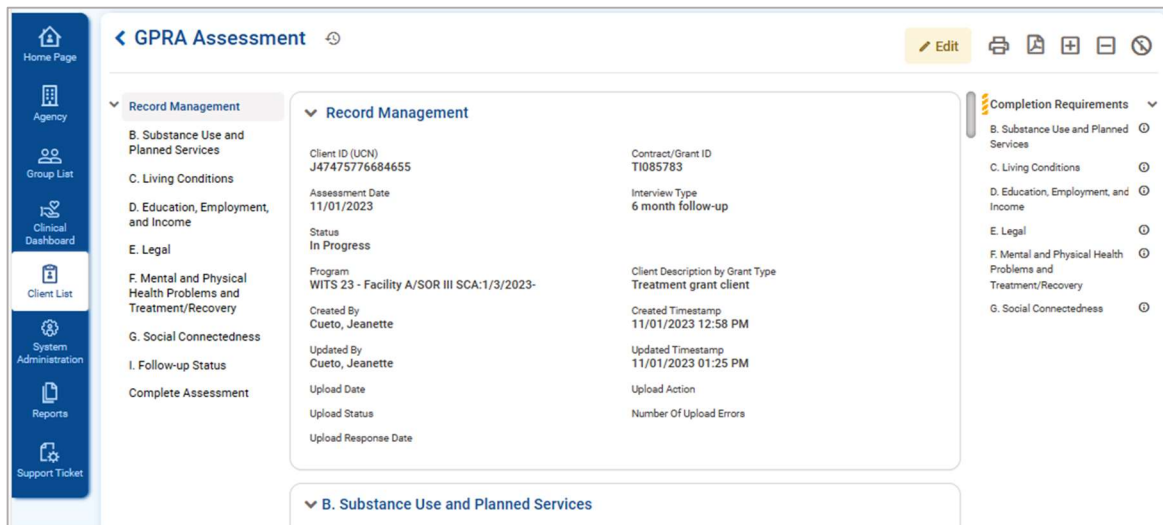

- Confirmation questions vary depending on whether the GPRA Follow-up was done within the 5 to 8-month window or not. When it is within the follow-up window, the confirmation question message is: "You are about to enter a 6-month follow-up record for this client. Would you like to continue?" Select **OK** to start the follow-up interview.

When the Follow-up is not within the follow-up window, the confirmation message is "Follow-Up interview date should be between 5 to 8 months after the GPRA Intake Interview date. You are about to enter a 6-month follow-up record for this client. Would you like to continue?"

When the interview opens, complete the required fields.

- Once all questions have been answered, scroll to the bottom for the Complete Assessment panel and then click **Complete**. This will lock the assessment,

GPRa Discharge Interview

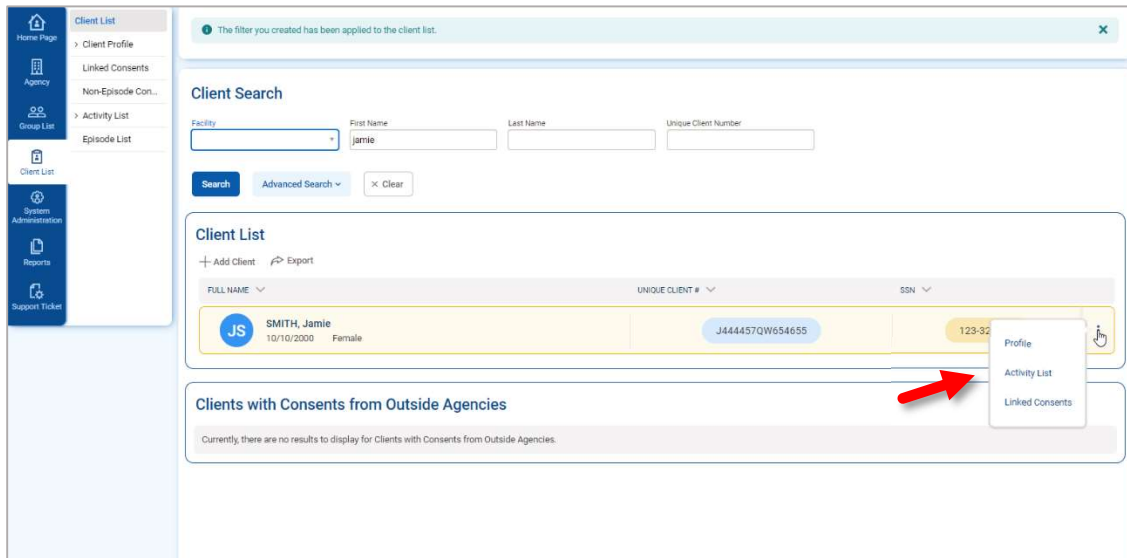

Where: *Client List > Activity List > GPRa > GPRa Discharge*

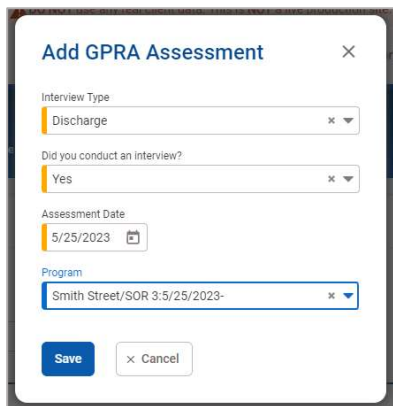

To add a discharge record, follow the steps below.

Note: If a Discharge interview has been conducted, **Sections A through G, J and K** must be completed. If the Discharge interview **has not** been conducted, **Sections A, J and K** must be completed.

1. To access the GPRa interview, select a client from the **Client List**, point to the ellipsis icon in the Actions column, and then click **Activity List**.

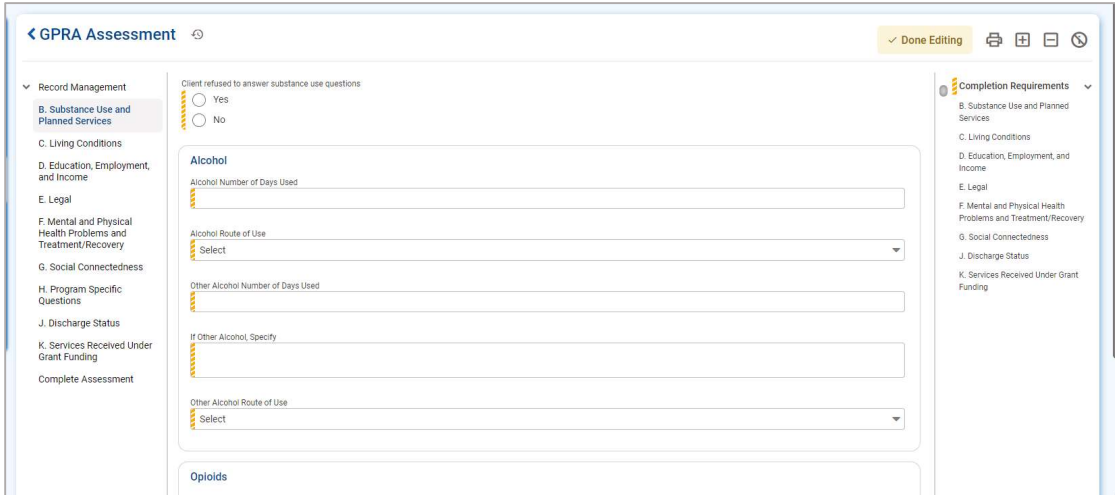

2. On the left menu, click **GPRa Assessment**.
3. On the GPRa List screen, click **+Create New GPRa**.
4. In the pop-up window, select GPRa Discharge for the interview type. Complete the required fields and click the **Save** button to progress to the next screen. If the interview was not conducted (answered “No” to the question “Did you conduct an interview?”), clicking the Save button will display Discharge Status.

5. Confirm you are about to enter a discharge record by clicking Ok.

6. Complete the required fields on the GPR. A.

7. Once all questions have been answered, Click **Complete** at the bottom of the screen. This will lock the GPR so that it will be included in the nightly upload to SPARS. Completing the assessment will also now show the user that completed the assessment and a time and date stamp.

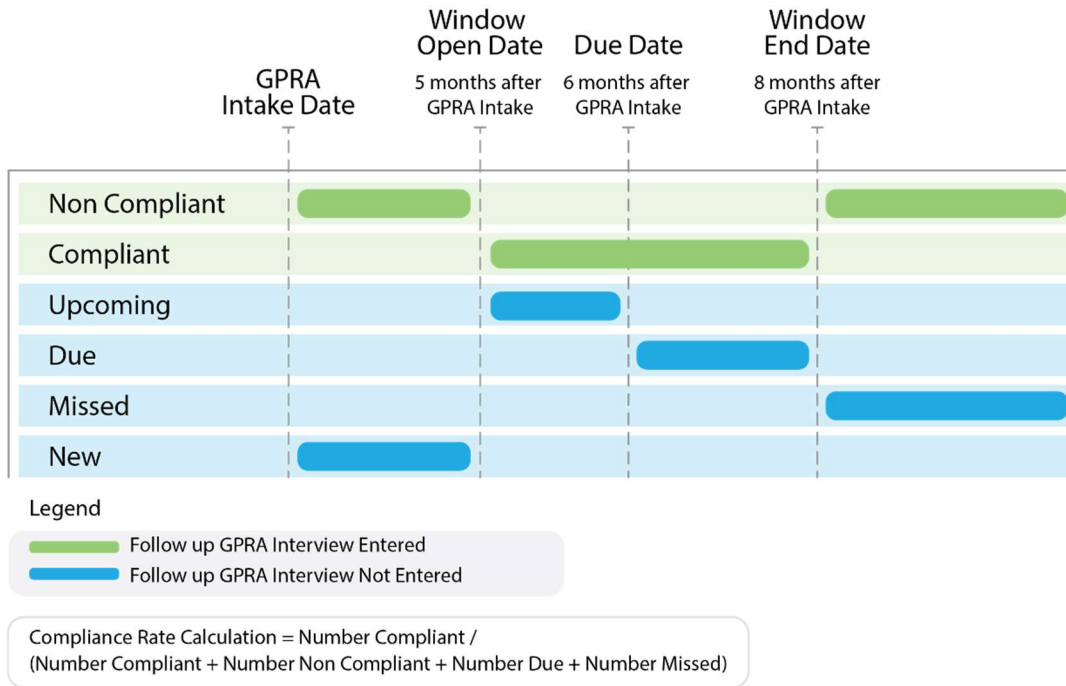

8. Once completed, a read-only version will show, and you will be able to return to the GPR Assessment page.

GPRA Interview Compliance Details

Grant Requirement

A GPRA Follow-up Interview must be completed with the client 6 months after the GPRA Intake Interview. There is a 3-month window to enter that follow-up interview in WITS and be in compliance with the grant program’s requirement. The compliance window opens 5 months after the GPRA Intake Interview and ends 8 months after the GPRA Intake Interview.

Definitions for each follow-up status are included in the following table.

Term	Meaning
Compliant	GPRA Follow-up Interviews entered into WITS during the compliance window specified above are considered compliant. The GPRA follow up interview must be conducted (Was the GPRA interview conducted = Yes) and the interview date must be within the window.
Non-Compliant	GPRA Follow-up Interviews entered into WITS outside of the compliance window specified above are considered non-compliant. This count also includes GPRA Follow-up records that are entered in the system but were not conducted (with no interview date, Was the GPRA interview conducted = No).
Upcoming	Clients with no follow-up interview who have a GPRA intake Interview dated between 5 and 6 months ago (for 6-month follow up) are part of the Upcoming count.
Due	Corresponds to the number of clients who have reached the due date (6 months) and do not yet have a GPRA Follow-up Interview record in WITS. This count does not consider the clients who have a corresponding GPRA Discharge Interview with a termination of “Death, Unknown” and “Death, Cause known”. This would cover a scenario where a client died before the follow-up became due.
Missed	The clients who do not have a GPRA Follow-up Interview entered into WITS after the end of the window are a part of the Missed count.
New	The Clients who have a GPRA intake Interview, no GPRA Follow-up Interview, and who have not entered in a follow up window yet, are a part of the New count.

GPR A Follow-up Due Summary Screen *Will be Updated for SOR 3 in Phase 3 Release

Where: Agency > GPR A Follow-up Due Summary

The **GPR A Follow-up Due Summary** screen displays a summary view of where an agency stands with their follow up interviews and includes the agency’s compliance rate. Users can select from the available search fields and click **Go** to view the search results. Information on these search fields is listed in the table below.

The search results will display a distinct count of GPR A interviews for each follow-up status available at the time of searching.

Field	Description
Agency Type	In the Agency Type search field, the option “ Intake ” represents the agency where the GPR A Intake Interview was conducted. The option, “ Follow-up ” represents any agency where the GPR A follow-up interview can be or has been conducted.
Grant	This required field will be a drop down where the SOR III grant can be selected.
Agency	For users with access to only one agency, this field will default to that agency’s name. If the user has an agency oversight role to specific agencies, then this field will display those specific agencies plus the staff member home agency.
Facility	For users with access to only one facility, this field will default to that facility’s name. If the user has an agency oversight role to specific agencies, then this field will display those specific facilities plus the staff member home agency’s facilities.

Detailed information for each interview status can be seen by hovering over ellipsis icon on the right, then clicking **Details**. The system will then display the GPR A Follow-up Due Detail screen, showing the clients for the selected interview status and the current search criteria. The GPR A Follow-up Due Detail screen is covered in the next section.

GPR A Follow-up Due Detail Screen* Will be updated for SOR 3 in Phase 3 Release

Where: Agency > GPR A Follow-up Due Detail

The **GPR A Follow-up Due Detail** screen displays a list of client records with information regarding the clients' GPR A interview status. Staff members can use the available search fields and click **Go** to view the results.

Field	Description
Agency Type	In the Agency Type search field, the option “ Intake ” represents the agency where the GPR A Intake Interview was conducted. The option, “ Follow-up ” represents any agency where the GPR A follow-up interview can be conducted.
Grant	This required field will be a drop down where the SOR III grant can be selected.
Agency	For users with access to only one agency, this field will default to that agency’s name. If the user has View GPR A Follow Up Compliance and All Agency Access roles, then this field will display all the agencies. If the user has an agency oversight role to specific agencies, then this field will display those specific agencies plus the staff member home agency.
Facility	For users with access to only one facility, this field will default to that facility’s name. If the user has View GPR A Follow Up Compliance and All Agency Access roles, then this field will display all the facility names. If the user has an agency oversight role to specific agencies, then this field will display those specific facilities plus the staff member home agency’s facilities.
Status	The Status search field will filter the list of clients corresponding to a specific compliance status. For definitions of each status, see Error! Reference source not found. Error! Bookmark not defined. Error! Reference source not found.

If the staff member was redirected to this screen by clicking the “**Details**” link on the GPR A Follow-up Due Summary screen, the Agency Type, Agency, Facility and Grant, search fields and Status will be prepopulated with the options entered on the Summary screen. The following informational message will also be displayed, “*The records on this list may not match the total from the summary because you may not have access to some clients.*”

Note: Since the GPR A Follow-up Due Detail screen includes client names, the search results displayed in the list are filtered to only include clients that the staff member has access to.

The records on this list may not match the total from the summary because you may not have access to some clients.

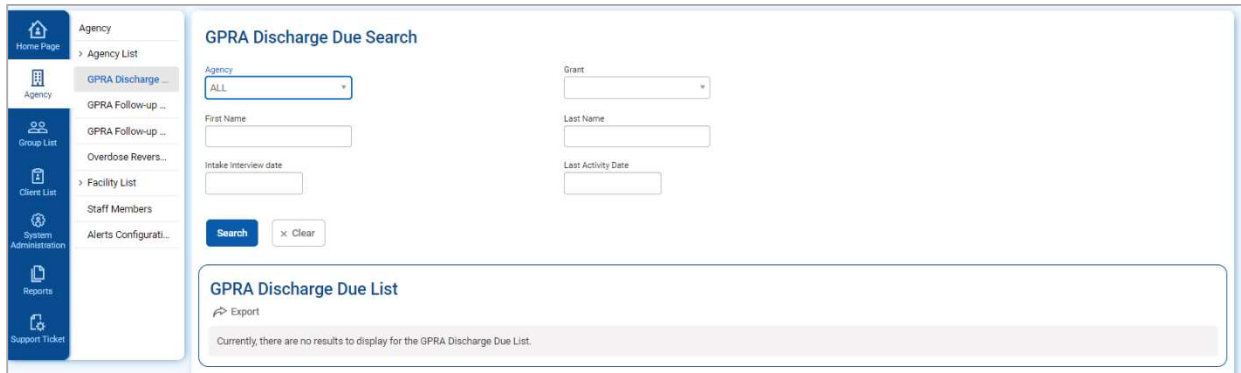

GPR A Discharge Due Screen* Will be updated for SOR 3 in Phase 3 Release

Where: Agency > GPR A Discharge Due

The **GPR A Discharge Due** screen displays at the Agency level, clients with a GPR A Intake interview date greater than 30 days ago and the client has no encounter, or their most recent encounter is 30 days ago. Users can select from the available search fields and click **Go** to view the search results. In the **Actions** column, clicking the “**View Client**” link will redirect to the client’s GPR A list screen if the staff member is currently in the same context agency as the client.

Field	Description
Agency	For users with access to only one agency, this field will default to that agency's name. If the user has All Agency Access roles, then this field will display all the agencies.
Grant	This required field will be a drop down where the SOR III grant can be selected.

i Note: Since the GPRD Discharge Due screen includes client names, the search results displayed in the list are filtered to only include clients that the staff member has access to.

Part 5: Consent and Referrals

Consent

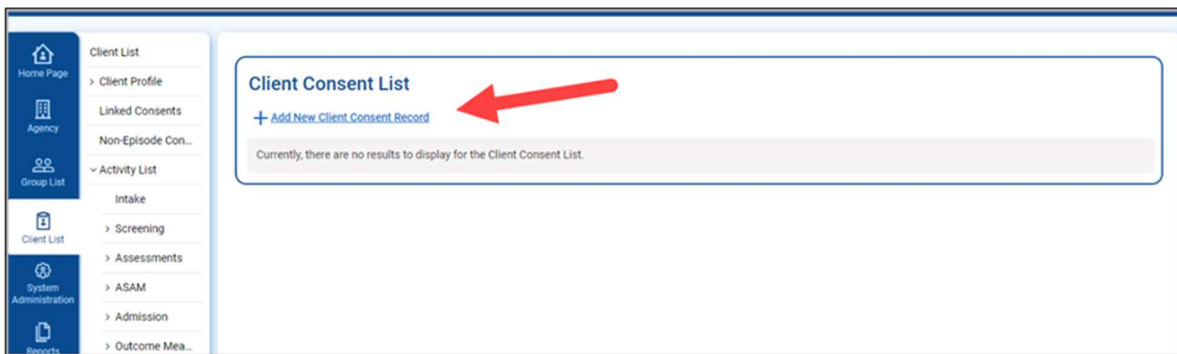

Create Client Consent Record

Where: *Client List > Activity List > Consent*

The consent is a formal process adhering to 42 CFR Part 2, which governs the sharing of client information between agencies and facilities using WITS. A consent may also be used to record the sharing of information (on paper) with agencies who do not use WITS, making the consent part of the electronic health record.

1. On the left menu, click **Client List** and search for a client.
2. Locate the client, hover over the Actions column, and then click **Activity List**.
3. On the left menu, click **Consent**.
4. Click the **Add New Client Consent Record** link. When asked if it is related to a waitlist record, select No.

5. On the Client Disclosure Agreement screen, complete the following fields.

Field	Description
Entities with Disclosure Agreements	Select from the drop-down list. This field will display a list of agencies that have previously created a Disclosure template. This will prepopulate fields in the "Client Information To Be Consented" section, which can then be modified if needed.
System Agency	Select "Yes" if the agency uses WITS.
Disclosed to Agency	Select the agency that will be receiving the client's information.
Facility	Select the facility within the selected Agency that will be receiving the client's information. Select All Facilities, or an individual facility.
Purpose for Disclosure	Type the reason for creating the Consent record.
Earliest date of services to be consented	Select the date.
Has the client signed the paper agreement form	Select "No" to save the screen and have the client sign the paper form (see below), after client has signed, select "Yes".
Date client signed consent	This field will become editable when "Yes" is selected in the previous field.

- If additional consent information needs to be added or removed from the client’s disclosure agreement, update the options from the “Client Information To Be Consented” section. Your agency administrator may have set up templates for the disclosure agreement.

Field	Description
Expiration Type and + Days	Select either “Discharge (UD)” or “Date Signed (DS)”, then when the yellow field appears, enter the number of days the consent will expire.
Client Information Options/Disclosure Selection	Select options from the box and use the mover buttons to add or remove the desired consent options.

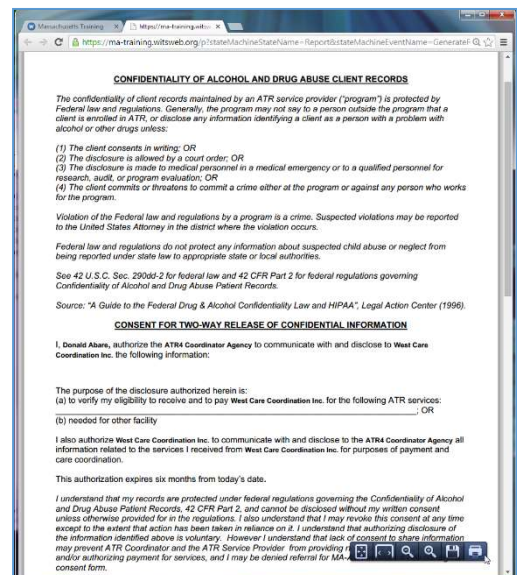

- When all required fields are complete, click **Save**.
- After saving the Client Disclosure Agreement screen, click the **Generate Report** link to print the Client Consent Form to get the client’s signature on the paper copy. The printed consent form includes items from the Client Information Options box along with the Consent Expires information.

- Once the client has signed the paper form, update these fields:

- Has client signed the paper agreement form:** select “Yes”
- Date client signed consent:** defaults to current date

- Click **Save** and stay on this screen (notice the fields are now grayed out).
- After saving the client consent, a link to add a Client Referral for this consent will be available. This will open the client referral screen, and will pre-populate the signed consent and Agency fields of the Referred to section.
- Click the link, **Create Referral Using this Disclosure Agreement**, and continue to the next section.

2. On the Client Referral screen, complete the required fields in the **Referred By** section, including:

Field	Description
Program	Select the Program It should be a referral from a program with the SOR III grant to another program with the SOR III grant.
Reason	In the drop-down field, select the reason why this client is being referred.
Is Consent Verification Required?	Select Yes.
Is Consent Verified?	Select Yes.
Continue Episode of Care?	Select No.
Referral Status	State of the referral (this should be "Referral Created/Pending").
Created Date	Date client is referred.

3. Next, in the **Referred To** section, complete all the required fields, including:

Field	Description
Signed Consents	Select the consent from list of available consents.
Agency	This field will auto populate based on the "Consent" selected.
Facility	The facility the client is being referred to.
Program	The program the client is being referred to. It should be an SOR III program.

4. When complete, click **Save**.

Viewing Referrals

Referrals In

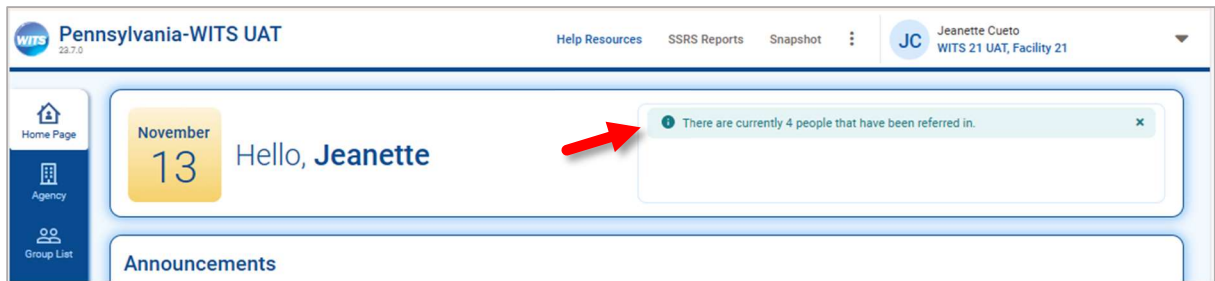

Where: Agency > Agency List > Referrals > Referrals In

Whenever clients are referred into your agency from another agency, a message will appear on the Home Page as shown in **Error! Reference source not found..** Clients who have been referred in have signed a consent form agreeing to share certain information with your agency. To review these referrals, follow the steps below.

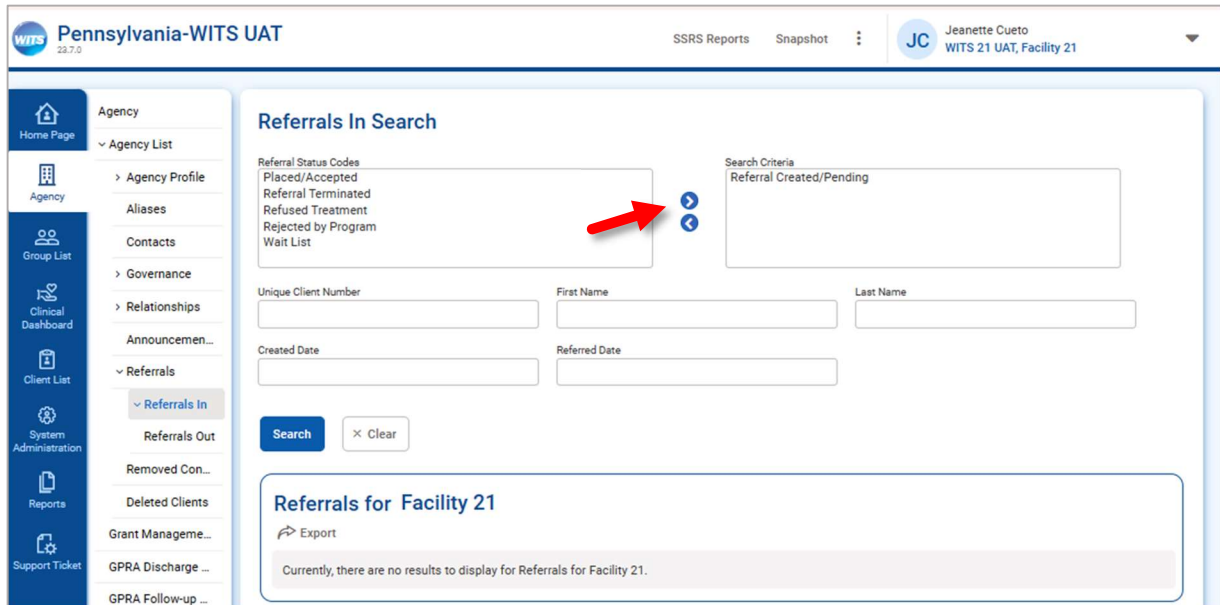

Role Needed:

- Referrals (Full Access)

Note: Only users with the Referrals (Full Access) role will see the Referrals link on the left menu.

1. On the left menu, click **Agency**, click **Referrals**, and then click **Referrals In**.
2. On the **Referrals In Search** screen, in the **Referral Status Codes** field, select “**Referral Created/Pending**” and move this option to the **Search Criteria** box by clicking the mover button.

3. After selecting the search criteria, click **Search** to view the search results list.

- Notice that any referred clients will appear in the list portion of the screen. To view a client's referral information, hover over the Actions column, and then click **Review**.

Unique Client #	Client Name	DOB	Created Date	Referring Agency/Facility	Referred To Modality	Referral Status	Ref to Facility	Referral Comments
C52004098091230	Change, Order10	4/9/1980	9/20/2021	A & O RECOVERY SERVICES INC/A & O RECOVERY SERVICES INC	9100-Case/Care Management	Referral Created/Pending	Facility 21	Review

- To accept the client referral, click on the **Referral Status** field and select **"Placed/Accepted"** from the drop-down list. The client must be accepted into your agency before viewing the client's record, or working on the case.

Save and Finish

- (Optional) Next, fill in the **Appointment Date (Appt Date)** and use the drop down box to provide any additional information about the appointment.
- Click **Finish** to save the record and accept the referral. Note that this action takes you to the Client Profile screen for the client you just accepted.

(Optional) Additional **Referral Status** reasons to select:

- Referred/Terminated:** When the referral has been deleted by the referring agency.
- Refused Treatment:** Select if the client does not want to be treated.
- Rejected by Program:** If the client is not eligible or is not acting in compliance.
- Wait List:** If the client is waiting for a slot to open in the program.

Note: Once the referral is Placed/Accepted, the client record is created within the Agency, and an Intake and Client Program Enrollment is created within the referred to Facility.

Referrals Out

Where: Agency > Agency List > Referrals > Referrals Out

The Referrals Out screen is used to check the status of referrals made from your agency to other agencies.

1. On the left menu, click **Agency**, click **Referrals**, and then click **Referrals Out**.
2. On the **Referrals Out Search** screen, in the **Referral Status Codes** field, select the desired codes and move them to the **Search Criteria** box by clicking the mover button (>).
3. After selecting the search criteria, click **Go** to view the search results list.

The screenshot shows the 'Referrals Out Search' interface. On the left is a navigation menu with 'Referrals Out' selected. The main area contains search filters for 'Referral Status Codes' (Placed/Accepted, Referral Created/Pending, Referral Terminated, Refused/Treatment, Rejected by Program, Wait List) and a 'Search Criteria' box. Below these are input fields for Unique Client Number, First Name, Last Name, Created Date, and Referred Date. A 'Search' button is present. The results section, titled 'Referrals from Smith Street', includes an 'Export' link and a table with the following data:

Name	Created Date	Referral Status	Referred To Agency	Referred To Facility	Non System Agency	Referred To Modality	Referral Comments
Green, Ella	1/29/2021	Referral Created/Pending	Administrative Agency	Administrative Unit		Not Applicable	
Violet, Sara	3/12/2021	Referral Created/Pending	SOR Training	Smith Street		No Admission Required
