PROJECT SUMMARY:

DDAP is accepting applications for Recovery Community Organizations (RCOs) who will expand or enhance recovery support services to individuals with an opioid use disorder (OUD). Such services include the delivery of recovery coaching through Certified Recovery Specialists (CRS), telephonic supports, the provision of education and employment supports, e.g. job coaching, resume writing, engagement in GED services, additional life-skills support groups and delivery of substance-free social activities, etc. It is the expectation that such RCOs embrace individuals seeking services regardless of their recovery pathway.
GRANT INITIATIVE GUIDELINES

1. OVERVIEW

Pennsylvania has been experiencing the worst overdose crisis in recent history. There are efforts currently underway to respond to this crisis by preventing and responding to OUD overdose and to increase opportunities for formalized treatment services for individuals. DDAP desires to enhance the opportunities RCOs to become established or for existing RCOs to enhance their delivery of recovery supports to individuals initiating or maintaining their recovery process. These recovery supports shall be available within the community and provided primarily by individuals who themselves are engaged in the recovery process.

2. FUNDING AVAILABILITY

Applicants can submit a grant application for an amount up to $500,000 annually.

3. PROJECT DATES

Contingent upon the availability of state and federal funds and the receipt of qualified applications, the term of the project will commence on October 1, 2019 and end on September 29, 2020 with the possibility of one (1) year renewal option, if funding is available.

4. ELIGIBLE APPLICANTS

All eligible Applicants must be able to provide direct support services to any individuals with an OUD who present for support services.
