The Contractor and all subcontractors shall agree to comply with the following certification required by P.L. 103-227 §§ 1041-1044, 20 U.S.C. §§ 6081-6084, also known as the Pro-Children Act of 1994, which requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by federal programs either directly or through state or local governments, by federal grant, contract, loan, or loan guarantee. The law also applies to children’s services that are provided in indoor facilities that are constructed, operated, or maintained with such federal funds. The law does not apply to children’s services provided in private residences; portions of facilities used for inpatient hospital drug or alcohol treatment; service providers whose sole source of applicable federal funds is Medicare or Medicaid; or facilities (other than clinics) where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

The Contractor certifies that it will comply with the requirements of the Pro-Children Act of 1994 and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Pro-Children Act of 1994.

The Contractor agrees that it will require that the language of this certification be included in any subcontracts which contain provisions for children’s services and that all subcontractors shall certify accordingly.

The Contractor further agrees that it will comply with, and require any subcontracts to comply with, the requirements of the Pro-Children Act of 1994 regardless of the source of funds for this contract.
