Adolescent ASAM Criteria – The Nuances (Virtual Training)

Trainer: Train for Change

The Pennsylvania Department of Drug & Alcohol Programs (DDAP) is pleased to announce **two additional training dates** for adolescent service providers in Pennsylvania.

Adolescent ASAM Criteria – The Nuances

The scope of considerations for substance use disorder services is broad and there are important considerations when working with specific populations, such as adolescents. This course is designed for participants who already understand the foundational aspects of the ASAM Criteria. The aim of this training shall be to explore and discuss the adolescent-specific aspects of the ASAM Criteria and offer learners a practical focus through lecture, real-world clinical vignettes and case studies.

This course is facilitated by Train for Change. PA Certification Board (PCB) and National Association of Social Work (NASW) CEUs are available (5 credit hours), and certificates awarded upon completion of all events.
