

Virtual Training Opportunity!

Lessons Learned: Providing Telehealth Recovery Support Services During COVID-19

The Pennsylvania Department of Drug & Alcohol Programs (DDAP) is continuing to provide relevant virtual support for Certified Recovery Specialists (CRS) during the Covid-19 outbreak. For a limited time, DDAP is pleased to provide a live virtual session on **Lessons Learned: Providing Telehealth Recovery Support Services During COVID-19**

When June 23rd 10:00am-12:00pm

How to Attend

The date above has been scheduled and is available for registration in DDAP's [online](#) Training Management System (TMS) by selecting 'Course Search', then 'Lessons Learned: Providing Telehealth Recovery Support Services During COVID-19'. Once registered in TMS, a webinar invitation and link for the date you select will be forwarded to the email address listed in your TMS account.

Lessons Learned: Providing Telehealth Recovery Support Services During COVID-19

Trainer: The Council of Southeast Pennsylvania, Inc./PRO-ACT

Multiple Pathways provides our peers opportunities to see that recovery is possible. But what happens when those pathways become limited, or not available with almost no warning? Using the Stages of Change Model take a journey with us as we share lessons learned in providing telehealth Recovery Support Services during COVID-19. PRO-ACT Certified Recovery Specialists and CRS Supervisors will discuss their experiences as it relates to our peers and to our peer specialists.

In this hour and a half virtual session participants will:

- Identify how to provide Recovery Support Services virtually
- Learn how to prepare and engage peers in RSS using a telehealth model
- Understand the importance of self-care in a social distancing environment

If you have additional questions, please contact us at RA-DATRaining@pa.gov.

Thank you,
