

New Training Opportunity!

Xylazine: The New Drug Additive

Overdose Response Training

The Pennsylvania Department of Drug & Alcohol Programs (DDAP) is pleased to announce the availability of an online training module addressing Xylazine and Overdose Response, presented by [Savage Sisters Recovery](#).

This online training video will provide information on national and statewide opioid statistics and updates on current drug supply trends, including critical information on Xylazine. Also included in this module is a demonstration of overdose reversal procedures when the presence of Xylazine is suspected.

This training will last approximately 30 minutes and is approved for 30 minutes of PCB Continuing Education Credits.

How to Access the Online Training

Visit <https://www.train.org/pa/welcome> then follow these steps (if you already have an account in TrainPA, you may log in and skip to step 7):

1. Click Create an Account
2. Enter a username, password, and the identifying information requested, then click Next Step
3. Select the county where you primarily work, then click Confirm
4. Select "Other public health professional (my functional role isn't listed)", then click Confirm
5. Type "Drug" in the search field, then select PA Department of Drug and Alcohol Programs employees, then click Confirm
6. Click Finish Creating Account. This will log you into the TrainPA site.
7. Click Courses under the Search column on the left side of the page
8. Type "DDAP" into the search bar, then press Enter
9. Select PA-DDAP: Xylazine: The New Drug Additive
10. Click Launch. You will then be able to complete the training.

Any questions regarding the training should be directed to the DDAP Training Section by emailing ra-datraining@pa.gov or calling 717-736-7452.

Thank you,

DDAP Training
